

Two Ways VTA Can Help You Teach Important Lessons

1 Free Field Trips

We want to help you make their education exciting, interactive, and fun! So let's go to zoos, theaters, museums, special events, amusement parks and more. There are all sorts of wonderful places just waiting to be discovered, and they can be reached by taking public transportation. With such hands-on experiences, they'll be broadening their horizons and learning lessons they never would have been taught otherwise. Go beyond the textbook—we've got just the ticket to get you there!

The ABC's of our free Class Pass program:

- Complete the attached request form and return it to us **three weeks** before you want to go on your outing. We'll mail back a confirmation postcard.
- Two weeks before your planned trip, we'll send you a special itinerary and two tickets for your whole class, teacher and chaperones.
- On the day of your trip, our operators will know you're coming and they'll expect you. All you have to do is show the driver your pass.
