BOARD MEMORANDUM

INFORMATION ITEM

TO: Bicycle and Pedestrian Advisory Committee
Santa Clara Valley Transportation Authority
Board of Directors

THROUGH: Michael T. Burns
General Manager

FROM: John H. Ristow
Chief CMA Officer

SUBJECT: Countywide Bike Plan – Draft Project List

FOR INFORMATION ONLY

BACKGROUND:

As the Congestion Management Agency for Santa Clara County, Valley Transportation Authority (VTA) is responsible for preparing and adopting the countywide transportation plan which also incorporates the countywide bicycle planning and proposed projects. The current countywide transportation plan, Valley Transportation Plan (VTP) 2030, was adopted by the VTA Board of Directors in February 2005. An update to the plan, (VTP 2035) is currently underway and scheduled for approval in fall 2008. The update of the bicycle plan is on track with the development of the VTP 2035 and will include an updated list of bicycle projects which will serve as the Bicycle Expenditure Plan (BEP) of the VTP 2035.

DISCUSSION:

At the December 2007 BPAC meeting, a draft list of the status of the BEP projects was presented to the committee. Attachment A presents an update of this list indicating the projects that are completed and will not be carried forward into VTP 2035. Eight projects were completed without using any BEP funds and ten projects were completed using some or all of their BEP allocation.

Attachment B presents the proposed projects that are to be carried forward into VTP 2035. This includes new projects that were received in the September 2007 call-for-projects for VTP 2035 and the 28 projects that are being carried forward from the existing BEP.

Prepared by: Michelle DeRobertis, Senior Transportation Planner
