Santa Clara VTA Investment Options

- ¹ The VantageTrust Cash Management Fund is invested in a single registered mutual fund, the Dreyfus Cash Management money market fund (Participant Shares). Investments in the VantageTrust Cash Management Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.
- ² Certain fund service fees have been waived so that a fund will not experience negative returns. All fee waivers are temporary and may be discontinued at any time without notice.
- ³ The VantageTrust Retirement IncomeAdvantage Fund (the Fund) is offered through VantageTrust, a group trust sponsored by the VantageTrust Company, a New Hampshire non-depository trust company. The Fund invests in a separate account under a group variable annuity issued by Prudential Retirement Insurance and Annuity Company (Prudential) CA COA #08003, Hartford, CT. Neither Prudential nor ICMA-RC guarantees the investment performance or return on contributions to Prudential's separate account. You should carefully consider the objectives, risks, charges, expenses and underlying guarantee features before purchasing this product. Like all variable investments, this Fund may lose value. Availability and terms may vary by jurisdiction; subject to regulatory approvals. Annuity contracts contain exclusions, limitations, reductions of benefits and terms for keeping them in force. Guarantees are based on Prudential's claims-paying ability. This annuity is issued under Contract form # GA-2020-TGWB4-0805-RC. ICMA-RC is a Delaware non-profit organization and registered investment adviser. ICMA-RC provides recordkeeping services to your plan and is the investment manager of the underlying Prudential separate account. Prudential or its affiliates may compensate ICMA-RC for providing these and related administrative services in connection with the Fund. Before electing the Spousal Benefit (if available) on behalf of any beneficiary not recognized as your spouse under federal law, be aware that provisions of your plan or the Internal Revenue Code might prevent, limit or otherwise affect the ability of the beneficiary to receive the full Spousal Benefit. For additional information, please read *Making Sound Investment Decisions: A Retirement Investment Guide* and the VantageTrust Retirement IncomeAdvantage Fund Important Considerations document, available online or by contacting ICMA-RC. To contact ICMA-RC, call 800-669-7400 (TDD: 800-669-7471) or write to 777 North Capitol Street, NE, Washington, DC 20002-4240. You may also visit us on the Web at www.icmarc.org. Para asistencia en Español llame al 800-669-8216. Prudential, the Prudential logo, and the Rock symbol are service marks of the Prudential Insurance Company of America, Newark, NJ, and its related entities, registered in many jurisdictions worldwide.
- ⁴ This VantageTrust fund invests solely in the shares of a single designated Vantagepoint Fund.
- ⁵ Please be advised that with "Fund of Funds" arrangements, additional underlying fund fees will apply. Please read the underlying fund's prospectus for details.
- ⁶ The share values of the Milestone Funds are not guaranteed at any time, including at or after each Milestone Fund's target year, which is the year when investors expect to retire and/or begin making gradual withdrawals. There is no guarantee that a Milestone Fund will provide adequate income at and through an investor's retirement or that the investor will have adequate savings for retirement. The dated underlying Milestone Funds' allocations change over time.
- ⁷ This VantageTrust fund invests solely in the shares of a single designated third-party mutual fund.
- ⁸ T. Rowe Price® is a registered trademark of T. Rowe Price Group, Inc. - all rights reserved.
- ⁹ Effective January 1, 2011, the VT First American Real Estate Securities Fund is now known as the VT Nuveen Real Estate Securities Fund. Further, on January 18, 2011, the share class changed from Y to I.
- ¹⁰ A rise/fall in the interest rates can have a significant impact on bond prices and the NAV (net asset value) of the fund. Funds that invest in bonds can lose their value as interest rates rise and an investor can lose principal.
- ¹¹ Funds that invest in small and/or mid-sized company stocks typically involve greater risks, particularly in the short-term, than those investing in large, more established companies.
- ¹² Funds that concentrate investments in one industry may involve greater risks than more diversified funds, including greater potential for volatility.
- ¹³ Foreign investments are subject to more risks not associated with domestic investments (i.e. currency, economy and political risks).

STABLE VALUE/CASH MANAGEMENT FUNDS

VantageTrust PLUS Fund -

The PLUS Fund seeks to offer a competitive level of income consistent with providing capital preservation and meeting liquidity needs. The PLUS Fund seeks to achieve returns higher than those of money market funds and short-term bank rates over the long run. A key goal is to provide capital preservation by limiting the risk of loss of principal and delivering stable returns. Additionally, the PLUS Fund is designed to meet the liquidity needs of Plan participants that invest in the PLUS Fund. The PLUS Fund invests primarily in a diversified portfolio of stable value investment contracts and fixed income securities that back certain stable value investment contracts.

VantageTrust Cash Management Fund -

The investment objective of the Dreyfus Cash Management money market fund is to seek as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.

BOND FUNDS

PIMCO Total Return Fund Class Institutional - MC: Intermediate-Term Bond

The investment seeks maximum total return. The fund normally invests at least 65% of total assets in a diversified portfolio of Fixed-Income Instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements. It invests primarily in investment-grade debt securities, but may invest up to 10% of total assets in high-yield securities ("junk bonds"). The fund may invest in derivative instruments, such as options, futures contracts or swap agreements, or in mortgage- or asset-backed securities.

Vanguard Total Bond Market Index Fund Class Signal - MC: Intermediate-Term Bond

The investment seeks to track the performance of a broad, market-weighted bond index. The fund employs a "passive management", or indexing investment approach designed to track the performance of the Barclays Capital U.S. Aggregate Float Adjusted Index. It invests by sampling the index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full index in terms of key risk factors and other characteristics. The fund invests at

least 80% of assets in bonds held in the index. It maintains a dollar-weighted average maturity consistent with that of the index, ranging between 5 and 10 years.

Vanguard Inflation-Protected Securities Fund Class Adm - MC: Inflation-Protected Bond

The investment seeks to provide inflation protection and income consistent with investment in inflation-indexed securities. The fund invests at least 80% of assets in inflation-indexed bonds issued by the U.S. government, its agencies and instrumentalities, and corporations. It may invest in bonds of any maturity; however, its dollar-weighted average maturity is expected to be in the range of 7 to 20 years. At a minimum, all bonds purchased by the fund will be rated "investment-grade."

GUARANTEED LIFETIME INCOME FUNDS

VantageTrust Retirement Income Advantage Fund -

Seeks both moderate capital growth and current income while providing a guaranteed lifetime income feature that protects retirement income against market downturns. The Fund invests in a Separate Account under a group variable annuity issued by Prudential Retirement Insurance and Annuity Company (Prudential). The Separate Account, in turn, invests in an asset allocation that is approximately 60% equities (both domestic and foreign) and 40% fixed income, through a mix of registered funds and a collective trust. ICMA-RC is responsible for managing the assets of the Separate Account. A Guarantee Fee is assessed by Prudential for the Fund's guarantees and is included in the Fund's net expense ratio. For additional details regarding the Guarantee Fee, please see Section I.C. of the VantageTrust Retirement Income Advantage Fund Important Considerations document and Making Sound Investment Decisions: A Retirement Investment Guide.

BALANCED/ASSET ALLOCATION FUNDS

Milestone Funds - The Milestone Funds seek a different degree of potential risk and return by diversifying among various funds in differing allocations. These Milestone Funds are designed to allow investors to select one option that offers asset allocation, fund selection, and rebalancing appropriate for their respective time period of investment.

Model Portfolio Funds - The Model Portfolio Funds seek long-term total return from income and capital gains. The five Funds vary by risk level and, therefore, by return potential. Each Fund invests in a specific target allocation that is regularly monitored and periodically rebalanced with the goal of ensuring a consistent risk-return profile.

Oakmark Equity & Income Fund Class I - MC: Moderate Allocation

The investment seeks current income, preservation and growth of capital. The fund invests primarily in a diversified portfolio of U.S. equity and fixed-income securities (although the fund may invest up to 35% of total assets in securities of non-U.S. issuers). It invests approximately 40-75% of total assets in common stock, including securities convertible into common stock, and up to 60% of assets in U.S. government securities and debt securities rated within the two highest grades assigned by Moody's Investors Service, Inc. or by Standard & Poor's Corporation Ratings Group, a division of The McGraw-Hill Companies.

U.S. STOCK FUNDS

Loomis Sayles Value Fund Class Y - MC: Large Value

The investment seeks long-term growth of capital and income. The fund primarily invests in equity securities, including common stocks, convertible securities and warrants. It may also invest up to 20% of assets in securities of foreign issuers including emerging market securities, invest in options for hedging and investment purposes, real estate investment trusts ("REITs") and Rule 144A securities.

Allianz NFJ Dividend Value Fund Class Instl - MC: Large Value

The investment seeks long-term growth of capital and income. The fund invests at least 80% of assets in common stocks and other equity securities of companies that pay or are expected to pay dividends. It invests primarily in common stocks of companies with market capitalizations greater than \$3.5 billion. In addition to common stocks and other equity securities, the fund may invest in real estate investment trusts (REITs) and in non-U.S. securities, including emerging market securities.

Vanguard Institutional Index Fund Class Institutional - MC: Large Blend

The investment seeks to provide long-term capital appreciation by

investing in large-capitalization stocks listed on major U.S. stock exchanges by tracking the performance of a benchmark index that measures the investment return of large-capitalization stocks. The fund is solely invested in the Vanguard Institutional Index Fund Institutional Plus Shares (VIIIX). It attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the S&P 500 Index, which is a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies.

American Funds Fundamental Investors Fund Class R5 - MC: Large Blend

The investment seeks long-term growth of capital and income. The fund invests primarily in common stocks of companies that appear to offer superior opportunities for capital growth and most of which have a history of paying dividends. It may invest significantly in securities of issuers domiciled outside the United States.

Vanguard Total Stock Market Index Fund Class Signal - MC: Large Blend

The investment seeks to track the performance of a benchmark index that measures the investment return of the overall stock market. The fund employs a passive management strategy designed to track the performance of the MSCI US Broad Market Index, which represents 99.5% or more of the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and the Nasdaq over-the-counter market. It holds a broadly diversified collection of securities that, in the aggregate, approximates the full index in terms of key characteristics.

VT Fidelity Contrafund® - MC: Large Growth

The investment seeks capital appreciation. The fund normally invests primarily in common stocks. It may invest in securities of companies whose value Fidelity Management & Research Company (FMR) believes is not fully recognized by the public. The fund invests in both domestic and foreign issuers. It may invest in "growth" stocks or "value" stocks or both. The advisor uses fundamental analysis of each issuer's financial condition and industry position and market and economic conditions to select investments.

Hartford Growth Opportunities Fund Class Y - MC:

Large Growth The investment seeks capital appreciation. The fund invests primarily in a diversified portfolio of common stocks covering a broad range of industries, companies and market capitalizations that the sub-advisor believes have superior growth potential with a focus on mid to large capitalization stocks. It may invest up to 25% of total assets in foreign issuers and non-dollar securities.

VT Columbia Mid Cap Value Fund Class Z - MC:

Mid-Cap Value The investment seeks long-term capital appreciation. The fund normally invests at least 80% of net assets in equity securities of companies that have market capitalizations in the range of the companies in the Russell Midcap Value Index at the time of purchase that the Advisor believes are undervalued and have the potential for long-term growth. It may invest up to 20% of total assets in foreign securities. The fund normally invests in common stocks and also may invest in real estate investment trusts.

Vanguard Extended Market Index Fund Class Signal - MC: Mid-Cap Blend

The investment seeks to track the performance of a benchmark index that measures the investment return of small- and mid-capitalization stocks. The fund employs a passive management strategy designed to track the performance of the Standard & Poor's Completion Index, a broadly diversified index of stocks of small and medium-size U.S. companies. It invests all, or substantially all, of its assets in stocks of its target index.

Fidelity Advisor Leveraged Co Stk Fund Class Institutional - MC: Mid-Cap Blend

The investment seeks capital appreciation. The fund normally invests at least 80% of assets in stocks. It normally invests its assets primarily in common stocks of leveraged companies defined as companies that issue lower-quality debt and other companies with leveraged capital structures. The fund may also invest the fund's assets in lower-quality debt securities. It may invest the fund's assets in securities of foreign issuers in addition to securities of domestic issuers.

BlackRock U.S. Opportunities Fund Class Service - MC: Mid-Cap Growth The investment seeks to provide long-term capital appreciation. The

fund invests at least 80% of net assets in equity securities issued by U.S. emerging capitalization companies with relatively attractive earnings growth potential and valuation. The adviser generally defines these companies, at the time of the fund's investment, as those with market capitalizations equal to those within the universe of Russell Midcap® Index. The fund primarily buys common stock but can also invest in preferred stock and convertible securities.

Allianz NFJ Small Cap Value Fund Class Institutional - MC: Small Value

The investment seeks long-term growth of capital and income. The fund invests at least 80% of net assets (plus borrowings made for investment purposes) in common stocks and other equity securities of companies with smaller market capitalizations. It currently considers smaller market capitalization companies to be companies with market capitalizations of between \$100 million and \$3.5 billion. The fund invests significantly in securities of companies that the portfolio managers expect will generate income (for example, by paying dividends).

VT T. Rowe Price® Small Cap Value Fund Class

Adv - MC: Small Blend The investment seeks long-term capital growth. The fund will invest at least 80% of assets in companies with a market capitalization that is within or below the range of companies in the Russell 2000 Index. While it invests most assets in U.S. common stocks, the fund may also purchase other securities including bonds, foreign stocks, futures, and options.

BlackRock Small Cap Growth Equity Fund Class Service - MC: Small Growth

The investment seeks long-term capital appreciation. The fund normally invests at least 80% of net assets in equity securities issued by U.S. small capitalization companies believed to offer superior prospects for growth. It defines small-capitalization companies using a different index or classification system. The fund primarily buys common stock but also can invest in preferred stock and convertible securities.

VT Nuveen Real Estate Securities Fund Class I - MC: Real Estate

The investment seeks to provide above average current income and long-term capital appreciation. The fund normally invests at least 80% of net assets, plus the amount of any borrowings for investment purposes,

in income-producing common stocks of publicly traded companies engaged in the real estate industry. It may also invest up to 25% of assets, collectively, in non-dollar denominated and dollar-denominated equity securities of foreign issuers that are either listed on a U.S. stock exchange or represented by depositary receipts that may or may not be sponsored by a domestic bank. The fund is non-diversified.

INTERNATIONAL/GLOBAL STOCK FUNDS

American Funds Capital World Growth & Income Fund Class R5 - MC: World Stock

The investment seeks long-term growth of capital while providing current income. The fund invests primarily in common stocks of well-established companies located around the world, many of which have the potential to pay dividends. It invests, on a global basis, in common stocks that are denominated in U.S. dollars or other currencies. Under normal market circumstances, the fund invests a significant portion of its assets in securities of issuers domiciled outside the United States. The fund may also invest in issuers in developing countries.

Vanguard Total International Stock Index Fund Class Signal - MC: Foreign Large Blend

The investment seeks to track the performance of a benchmark index that measures the investment return of stocks issued by companies located in developed and emerging markets, excluding the United States. The fund employs a "passive management"—or indexing—investment approach designed to track the performance of the MSCI All Country World ex USA Investable Market Index, an index designed to measure equity market performance in developed and emerging markets, excluding the United States. The index includes more than 6,000 stocks of companies located in 44 countries.

Harbor International Fund Class Institutional - MC: Foreign Large Blend

The investment seeks long-term total return, principally from growth of capital. The fund invests primarily (no less than 65% of total assets) in common and preferred stocks of foreign companies that have market capitalizations in excess of \$1 billion, including those located in emerging market countries. It invests in a minimum of 10 countries throughout the world. The fund focuses on companies located in Europe, the Pacific

Basin and emerging industrialized countries whose economies and political regimes appear more stable.
