Board Member Pyle noted Board Member Gage will be leaving VTA’s Board of Directors next year; therefore, VTA’s Board will have only one Board Member representing the South County. The Nominating Committee reviewed the city groupings that have held the Vice Chairperson position in the past, noting the West Valley Grouping has held the seat two out of three times.

**M/S/C (Page/Herrera)** to adopt a **Resolution No. 2010.01.01** recognizing Sally Massen, Transportation Supervisor, for 33 years of service.

9. **PUBLIC PRESENTATIONS**

Joyce Weissman, Interested Citizen, referenced the November 5, 2009 Board of Directors Regular Meeting when a petition with 303 signatures was presented along with the request to add a 10:00 p.m. southbound trip to Bus Route 63 from downtown San Jose to Almaden Expressway/Camden.

Ms. Weissman referenced 2008, where drastic service changes were implemented during the coldest weather timeframe and urged the Board of Directors to defer these types of drastic service changes until the summer when the weather is warmer.

Alice Frayne, Interested Citizen, referenced the November 5, 2009 Board of Directors Regular Meeting and expressed concern that VTA’s disabled customers appeared to be demeaned, while at the podium.

Mike Ludwig, Interested Citizen, referenced the route switch between Bus Routes 57 and 60 at Old Ironsides and Tasman Drive, noting the automatic announcement is not working properly. Mr. Ludwig expressed concern that the automatic announcement is providing incorrect bus route and destination information, noting the importance to correct the matter as soon as possible.

Mr. Ludwig referenced an article in the Los Angeles Times regarding Governor Arnold Schwarzenegger attempt to take away funding for public transportation and urged the Board of Directors to do everything within their power to oppose the decision.

James Wightman, Interested Citizen, queried when light rail service would travel to the Eastridge Transit Center. Michael T. Burns, General Manager, responded VTA is currently completing improvements on Capitol Expressway and working in conjunction with VTA’s Board of Directors and Downtown East Valley (DTEV) Policy Advisory Board (PAB) approval will work in increments to advance pedestrian and safety improvements associated with the light rail service.

Mr. Burns stated the intent is to initially advance the Bus Rapid Transit (BRT) project, noting there is no definitive time table at this point when there will be light rail service to the Eastridge Transit Center.

Mr. Wightman expressed concern and stressed the importance for VTA to install surveillance cameras at the light rail stations to address vandalism concerns.
10. REPORT FROM THE GENERAL MANAGER

Michael T. Burns, General Manager, wished everyone a Happy New Year and congratulated Chairperson Liccardo and Vice Chairperson Abe-Koga, and welcomed the newly appointed Board Members.

Mr. Burns referenced the Board Orientation for the newly appointed Board Members, noting staff will work with their calendars to schedule the orientation. Mr. Burns noted his schedule to meet with the newly appointed Board Members over the next two weeks. Mr. Burns stated he looks forward to the opportunity to work with the Board Members over the years.

Mr. Burns provided a brief report, highlighting the following:

- VTA systemwide ridership continues to decline for the month of November 2009 when compared to November 2008. VTA systemwide average weekday ridership declined by 7.9 percent. Bus average weekday ridership declined by 7.5 percent and light rail average weekday declined by 9.3 percent.

- VTA’s interagency partners are experiencing significant ridership decreases, such as the Dumbarton Express, which has declined 11.5 percent; Caltrain, which has declined 7.3 percent; and the Altamont Commuter Express (ACE) has declined 21 percent.

- Mr. Burns referenced Board Member Gage’s request to include the impact on revenue with the ridership report, noting it will be consolidated into one report. Mr. Burns reported a revenue increase in 2009 when compared to 2008 largely due to the fare increase implemented in October 2009. Mr. Burns stressed that VTA is still tracking below budget projections for fare revenue by 3 percent.

- Mr. Burns reported on the success of VTA’s free bus and light rail transit service provided on New Year’s Eve, noting a significant increase in light rail ridership, which is a good indication of a positive trend in light rail transit service.

- Mr. Burns reported VTA received a letter on December 17, 2009 from the Federal Transit Administration (FTA) regarding acceptance of the BART project into the New Starts Federal Process, which allows VTA to compete on federal funding and is a prerequisite to proceed with the Final Environmental Impact Statement (EIS). The FTA is scheduled to publish the Notice of Availability on January 15, 2010, which opens the public comment period for the Record of Decision, the federal environmental approval for the project. It will be available in the March or April timeframe. VTA will continue to work with the FTA to move through the process to get to final project design and secure full funding for the project.

- Mr. Burns stated Senator Barbara Boxer will visit VTA’s Cerone facility on Friday, January 15, 2010 to discuss the use of the federal stimulus funding and other federal funding. Mr. Burns extended an invitation to the Board Members to attend the event, noting Chairperson Liccardo and Mayor Reed will participate on behalf of VTA.

- Mr. Burns noted the implementation of VTA’s Service Reductions effective on Monday, January 11, 2010.

Jim Unites, Operations Deputy Director, reported VTA’s Service Reductions are scheduled for implementation on January 11, 2010, which is an overall 8 percent reduction in transit service with most of the changes in service frequencies with some
service route changes, which is estimated to save VTA approximately $6.4 million annually in operating costs with a 2 percent loss in ridership. Some service changes may impact paratransit customers, but paratransit services are aligned with VTA’s fixed route bus and light rail services and OUTREACH Paratransit Services is working with clients to address transit options.

Staff originally anticipated laying off between 70 to 80 operators, but due to recent retirements and vacancies 25 employees are scheduled to be laid off; hopefully, they may return as additional employees retire and vacancies occur within the organization.

Greta Helm, Chief External Affairs Officer, stated VTA conducted comprehensive outreach to ensure the public was aware and prepared for the service changes, which was designed to reach both current customers and the general public.

The outreach efforts included material translations, targeted community organizations, and media outlets. VTA utilized various forms of communication regarding the service changes, such as service change notices displayed in the vehicles as well as at the stations, car cards, Take-One brochures, newsletters, new system maps and schedules, announcements, website banners, Google Trip Planner available on VTA’s website, VTA’s Customer Service Information Service Representatives (ISRs), as well as VTA Employee Ambassadors deployed to various strategic locations affected by the service changes.

Ms. Helm continued that subscribers to VTA’s GovDelivery Service were notified of the service changes, specifically if they subscribed to the routes that had service changes. VTA placed paid advertisements in 15 community newspapers and sent out 9 media releases, which generated 17 stories carried by television, radio, and print media.

VTA staff attended 19 community gatherings and events at libraries, senior centers, and homeowner’s association meetings. Electronic notices were distributed to Eco Pass partners as well as San Jose State University students and major providers within the community. Ms. Helm stated both Yahoo and Mercury News sent out email notifications to individuals who subscribe to their services.

Ms. Helm stated that the initial feedback received by VTA’s Customer Service is that the public appreciates the efforts set forth by VTA to ensure the community is informed regarding the service changes.

Mr. Burns referenced Governor Arnold Schwarzenegger’s budget presentation is scheduled for submittal to the legislature on Friday, January 8, 2010. Mr. Burns reported Governor Schwarzenegger’s budget presentation includes a proposal to eliminate the Public Transportation Account. The budget proposal plans to eliminate the sales tax on gas and diesel fuel and replace the sales tax with a fee; therefore, eradicate the Public Transportation Account from the State budget.

Kurt Evans, Government Affairs Manager, reported California is still currently facing financial challenges even with all the implementations to address the original financial challenges, noting California has a new $21 billion shortfall to address over the next 18 months. It is anticipated that Governor Schwarzenegger will put forth a major restructuring of State funding sources for transportation in a way to benefit the State General Fund, but ultimately disadvantage transportation, particularly transit.
Mr. Evans reported consumers pay two types of State taxes when they purchase gasoline, an 18 cent State axis tax and a transaction sales tax, which serve as the foundation for funding the State Transportation Programs. It is expected that the Governor’s budget proposal will eliminate one of the gasoline sales tax revenue resources.

The Governor’s proposal would be a creative way to acquire transportation funds to pay debt service on General Obligation Bonds, which historically have been covered by the General Fund; therefore, transit would be severely negatively impacted.

Mr. Evans expressed appreciation for Mr. Ludwig’s comments, noting the importance to do everything within our ability to protect State funding for public transit.

Mr. Burns noted the Governor’s budget proposal is the first in a number of steps required to move toward a final adopted budget. Mr. Burns referenced the California Transit Association (CTA) lawsuit regarding the State Transit Assistance (STA) funding, noting the lawsuit addressed Fiscal Year 2008. Mr. Burns stated VTA will be working with the State to achieve the judgment payment obligated to the transit agencies.

Mr. Burns stated staff will continue to make updates to the Board of Directors on the status of VTA’s budget as well as the CTA lawsuit judgment payment.

Ms. Weissman expressed concern regarding the lack of system route schedules available for the public on the bus vehicles. Ms. Weissman stressed the importance for VTA to have the schedules available for the public for the New Year, especially with the service changes being implemented.

Chairperson Liccardo request Mr. Burns send an email to the Board of Directors regarding the situation.

Patrick Griffin, Public Affairs and Customer Information Manager, responded that VTA’s Downtown Customer Service Center and many transit centers have schedules available for the public. During the early stages of service changes keeping inventories supplied is a challenge. He noted staff closely monitors route schedules inventories and would speak with Ms. Weissman to obtain details about her observation and experience.

11. REPORT FROM THE CHAIRPERSON

Chairperson Liccardo referenced VTA’s current financial concerns, noting the difficult decisions implemented by the Board of Directors to address the budget constraints, such as reductions in transit service, programs, and employees. Chairperson Liccardo stated the decisions implemented were difficult, distressing, and impacted the organization as well as the community.

Chairperson Liccardo stressed the importance for VTA’s Board of Directors to integrate a few minutes of discussion at each regular meeting as a way to be innovative to address VTA’s financial concerns. Chairperson Liccardo noted the importance for the Board Members to work collaboratively with individuals who have expertise and experience working with specific issues and topics to assist VTA during this critical situation.

Chairperson Liccardo noted the intent of the addition of the discussion period at each regular meeting is to educate the Board on key issues, which makes it possible to address specific concerns; therefore, alleviate the necessity to schedule Board Workshops.
Chairperson Liccardo recommended the cancellation of the March 26, 2010 Board of Directors Workshop.

A. **Approve Appointments to Board Standing Committees and Joint Powers Boards and Regional Commissions for 2010**

Chairperson Liccardo stressed the importance and noted the vital role of the Board Members who serve on VTA’s Standing Committees and Joint Powers Boards and Regional Commissions.

Board Member Larsen requested Board Member Moylan be reassigned to serve as a Member on the Administration and Finance (A&F) Committee.

Chairperson Liccardo stated the A&F Committee has four Members designated to serve; however, queried if an A&F Committee Member wanted to switch their assigned Committee with Board Member Moylan.

Board Member Moylan noted a conflict with serving on the A&F Committee due to obligations associated with his employment. Michael T. Burns, General Manager, noted the Committees have some flexibility of perhaps changing the Committee meeting time.

Hearing no request from the Board Members to switch their assigned Committee, Chairperson Liccardo queried if Board Member Larsen wanted to withdraw his request to reassign Board Member Moylan to the A&F Committee.

Board Member Larsen responded in the affirmative, noting his intent to withdraw his request.

**M/S/C (Pyle/Herrera)** to approve appointments to Board Standing Committees and Joint Powers Boards and Regional Commissions for 2010.

B. **Approve Appointments to Ad-Hoc Financial Recovery Committee**

Chairperson Liccardo reported at the December 10, 2009 Board of Directors Regular Meeting, the Board approved four strategies relating to VTA’s budget and structural deficit.

Chairperson Liccardo stated one strategy was the creation of an Ad-Hoc Committee to develop recommendations to address VTA’s structural deficit beyond Fiscal Year 2011. The Ad-Hoc Financial Recovery Committee recommendations will be focused on the sustainability of transit services in Santa Clara County and will be utilized to develop future VTA budgets beginning with Fiscal Year 2012. The intent of the Ad-Hoc Committee will be to utilize community stakeholders, such as labor, business, and customers.

Chairperson Liccardo noted the following three Committee Member appointments and nine Key Stakeholders designated to the Ad-Hoc Financial Recovery Committee:

**Committee Members**
- Board Member Gage;
- Board Member Herrera; and
- Vice Chairperson Abe-Koga;
Key Stakeholders

Chairperson or designee from the following VTA Advisory Committees:
- VTA’s Committee for Transit Accessibility (CTA);
- VTA Citizens Advisory Committee and 2000 Measure A Citizens Watchdog Committee (CAC/CWC); and
- VTA’s Policy Advisory Committee (PAC).

(1) Representative from each of the following organizations designated by that organization:
- Santa Clara County city Managers Association;
- Silicon Valley Leadership Group (SVLG); and
- Santa Clara County Chambers of Commerce.

(3) Representative of organized labor designated as follows:
- (1) Amalgamated Transit Union (ATU);
- (1) Other VTA Unions; and
- (1) South Bay AF of L/CIO Labor Council.

M/S (Gage/Pyle) to approve appointments to Ad-Hoc Financial Recovery Committee.

Steve Barber, Technical Project Manager, expressed opposition regarding the merging of Service Employees International Union (SEIU), Transportation Authority Engineers & Architects Association (TAEA), and American Federation of State, County, and Municipal Employees (AFSCME) together and designating only one representative to speak on their behalf on the Ad-Hoc Financial Recovery Committee.

Mr. Barber stressed the importance for fair and reasonable representation of all VTA’s unions, noting that VTA’s unions do work together, but each has its own interests that are not necessarily the same as the other union’s interests.

Mr. Barber stated the union representatives could play a vital role within the Ad-Hoc Committee since they are VTA employees and are aware of the problems that exist within the organization and could have useful information to address the concerns. Mr. Barber urged the Board to allow each union a representative on the Ad-Hoc Financial Recovery Committee.

Marc Delong, Assistant Transportation Engineer and TAEA member, spoke on behalf of the TAEA and expressed support for the Ad-Hoc Committee designating organized labor representation as key stakeholders, but urged the Board to include two additional seats to ensure all VTA unions would have direct representation as well as the opportunity to participate and contribute.

Mr. Delong noted the importance to utilize the labor union representation since they have good insight into the organization from the inside out and would contribute meaningful suggestions to the Ad-Hoc Financial Recovery Committee.
Tammy Dhanota, SEIU Chief Steward, Local 521, welcomed the newly appointed Board Members and congratulated Chairperson Liccardo and Vice Chairperson Abe-Koga.

Ms. Dhanota noted SEIU, TAEA, AFSCME, and ATU have worked diligently together to ensure VTA continues to stay afloat, noting the union’s prior requests for VTA to establish an Ad-Hoc Committee to address VTA’s budget and structural concerns.

Ms. Dhanota stressed the importance that all VTA’s unions have designated representation on the Ad-Hoc Committee from the beginning in order to provide vital contribution.

Ms. Dhanota stated SEIU membership consists of both blue and white collar employees, such as Bus Stop Maintenance, Information Technology (IT), Marketing, Signal Operators, Board Assistants, and Finance Administrative Accounts and urged the Board to include the two additional seats to provide all of VTA’s unions the opportunity to participate and contribute in the Ad-Hoc Committee.

John Carlson, AFSCME President, expressed opposition to the recommended makeup of the key stakeholders having one representative designated for VTA’s other unions. Mr. Carlson stated a third of a voice is not a real voice and urged the Board to include the two additional seats to allow full participation and contribution from the organized union labor stakeholders.

Board Member Moylan noted if the key stakeholder’s main function is to provide input to the Ad-Hoc Financial Recovery Committee then the addition of two seats to the Committee should be considered.

Board Member Herrera concurred with Board Member Moylan, noting the importance for the Committee to receive more input from the key stakeholders from the beginning.

Board Member Herrera noted from her experience VTA’s union representation provides valid input and will play a vital role within the Committee.

Board Member Kalra stated the purpose of the key stakeholders is to provide input to the Ad-Hoc Committee, which would assist to develop suggestions and solutions to address VTA’s budget and structural concerns.

Board Member Kalra noted VTA’s unions have different interests and labor contracts; therefore, he expressed support to allow each union representation on the Ad-Hoc Committee to ensure they have the opportunity to voice their interests.

Board Member Kalra stressed the importance for the Committee and Board of Directors to have all relevant information available to make prudent decisions and noted his support to amendment the appointments to the key stakeholders group by two seats to ensure each union had a seat and voice on the Ad-Hoc Committee.
M/S (Kalra/Herrera) to amend the appointments to the Ad-Hoc Financial Recovery Committee to add two seats to the Organized Labor Union Stakeholder group representation.

Board Member Gage noted the meetings are open to the public; therefore, individuals have the opportunity to attend, participate, and provide input to the Ad-Hoc Committee.

Board Member Gage noted his opposition to add two additional seats to the key stakeholders group, noting the time constraints for the Ad-Hoc Committee to work on VTA’s budget and structural issues. Board Member Gage stressed the importance for the Committee and key stakeholders to work collaboratively and identify the common problems in order to address VTA’s budget and structural issues in a timely manner.

Board Member Gage noted the Ad-Hoc Committee is an advisory committee to the Board and; therefore, will not take any action, but will forward suggestions and recommendations to the Board of Directors for discussion and consideration.

Michael T. Burns, General Manager, stated the Ad-Hoc Financial Recovery Committee was based on the previous Ad-Hoc Financial Stability Committee structure, noting the opportunity for individuals as well as the key stakeholders to participate and provide input to the Ad-Hoc Committee.

Vice Chairperson Abe-Koga expressed support to allow additional key stakeholder representatives the opportunity to participate and provide different perspectives from the beginning of the process. She stressed the importance to gather as much information and input in the beginning due to the time constraints for the Ad-Hoc Committee to work to identify and address the common issues of concern.

Board Member Larsen expressed support to include two additional seats to the key stakeholder group, noting the importance to gather additional input from a larger group to identify solutions to assist the Ad-Hoc Financial Recovery Committee.

Board Member Moylan expressed support to include two additional seats, noting VTA’s employees and unions have made prior sacrifices to assist with VTA’s budget concerns. Board Member Moylan referenced VTA’s union’s track record, adding that they would provide valuable input to the Ad-Hoc Committee discussions.

Board Member Page concurred with Board Member Moylan’s comments, noting the unions are experts in representing individuals and would play an important role in the process. Board Member Page noted the importance to allow two additional representatives the opportunity to participation in the Ad-Hoc Committee.

Board Member Kalra referenced VTA’s unions, noting the employee’s previous contributions and cooperation to assist VTA’s budget crisis.
Board Member Kalra stressed the importance to include the additional seats and to allow VTA’s union representatives an opportunity to provide vital input in the Ad-Hoc Committee discussions.

Mr. Burns stated the Ad-Hoc Committee will look at VTA’s expenses and revenues, noting more than 70 percent of VTA’s revenues are from sales taxes; therefore, stressed the importance to ensure there is balance in the makeup of the Ad-Hoc Committee Key Stakeholder Groups.

Chairperson Liccardo referenced the strong support to include two seats to the key stakeholder group, noting his support as well, but with the understanding that there is not an allocation of one vote one stakeholder. He stated the intent of the Ad-Hoc Committee is to obtain input to develop suggestions and proposals to address VTA’s budget and structural deficit.

Board Member Herrera stated if the Ad-Hoc Committee requires additional input then the Committee would solicit input from businesses and allow these opportunities to obtain the information.
