Michael T. Burns, General Manager, **provided a report** regarding the following: 1) He thanked Vice Chairperson Dean Chu for testifying at the Senate Transportation and Housing Committee last September 27, 2006 regarding the impact of Proposition 1B to VTA; 2) He provided updates on construction projects, particularly the Northbound Highway 17 between Camden and Hamilton and the second phase of the Route 152 Bridge Widening Project in Gilroy; 3) VTA will not operate the Sharks Shuttle for this Sharks season due to the non-renewal of Sharks Management to pay for half of the operating cost. Despite the discontinuance of the Sharks Shuttle service, there is still good VTA service to the HP Pavilion such as the Vasona Light Rail and Bus Routes 522 and 22; 4) VTA has made plans to mitigate the significant service impacts of the Rock and Roll Half Marathon on Sunday morning, October 8, 2006; and 5) VTA will be hosting the American Public Transportation Association (APTA) Annual Conference from October 7 to October 11, 2006. He thanked Member Sandoval for representing the VTA Board on the Host Committee together with San Jose Mayor Ron Gonzales. A. Receive a presentation from 1stAct Silicon Valley.

**Deferred** to the January 2007 Regular Board of Directors’ Meeting.

9. **PUBLIC PRESENTATIONS**

Mark Brodsky, Monte Sereno Mayor and VTA Policy Advisory Committee (PAC) Member, **provided** a PowerPoint presentation entitled, “4 years on VTA’s PAC.” Mayor Brodsky **noted** that VTA has been buried under tons of paperwork and **expressed concern** that VTA statistics have not changed significantly since four years ago. Mayor Brodsky **stated** that there is shortage of monies due to politics driven Measure A Expenditure decisions that were not based on projected county needs, plans, or logic. Mayor Brodsky **expressed concern** that VTA has bypassed all regulatory controls for a City Hall Subway and 4000 fewer cars. Mayor Brodsky **stated** that money can be made available by re-opening the Major Investment Study.
Joe Brenner, International Federation of Professional and Technical Engineers (IFPTE) Local 21, stated that TAEA and Local 21 have worked diligently to negotiate a reasonable and fair collective bargaining agreement with VTA. The new tentative agreement has improvements, including the salary survey process that will help in addressing the gap between the salaries of TAEA represented employees and the area average wage. Mr. Brenner informed the Board that the TAEA membership has ratified the tentative agreement and urged the Board to approve the agreement as well.

Rajinder Sehdev, VTA Employee and TAEA President, advised the Board that TAEA members ratified the tentative agreement. Mr. Sehdev stated that earlier in the three-month negotiation, it showed that when compared to other TAEA members of other public agencies, VTA TAEA represented employees’ salary and compensation are at the bottom of the chart. Mr. Sehdev thanked VTA for recognizing this fact and for being committed to address the salary realignment and wage corrections of the TAEA members in this new agreement. However, Mr. Sehdev emphasized that VTA has not gone far enough in addressing the salary compensation issues this time and the survey that is included in the contract will begin the basis of subsequent wage corrections to bring salary and compensation for TAEA members to at least the industry average compensation level for engineers and architects in the public sector. He stated that he looks forward to the Board’s approval of the contract.

Jerry Grace, Interested Citizen, referred to Agenda Item #32, Report from the Chairperson, and stated that he is interested to find out who the VTA Board of Directors Chairperson will be for 2007. He noted that he is pleased with Member Williams’ performance as Chairperson at the Capitol Corridor Joint Powers Authority. Mr. Grace wished that the Sharks Hockey Team win all the way through the season. Mr. Grace stated that he has not heard about Agenda Items #19 and #24.

Eugene Bradley, VTA Riders Union, thanked Sam Lau, Bus and Rail Transportation Deputy Director, for responding to his concerns and informing him of VTA plans to inform the public about light rail delays in the future. Mr. Bradley reported that his colleague was pick-pocketed at VTA Bus Line #522. He stated that the cameras in the bus was not able to help identify the thief. He suggested that VTA provide warning signs about theft (i.e. pick pocket) in the bus and light rail, especially now that the holiday season is coming. He added that theft on the light rail or bus will discourage the public from taking public transportation.

Bruce Stevens, VTA Employee, expressed concern that there is no public record of staff responses to public concerns that are raised during public meetings such as the Board of Directors Meeting. He stated that his concerns regarding security have not been addressed by VTA. Mr. Stevens advised the Board that there have been three assaults to employees within a 24-hour period last month. He added that VTA is not taking care of the escalating violence in the system with the current security contract.
10. **Policy Advisory Committee (PAC) Chairperson’s Report**

Steve Glickman, PAC Chairperson, **provided** a brief report regarding the PAC Meeting on September 14, 2006, highlighting that: 1) Received a report from the General Manager; 2) Reviewed and commented on the BART Economic Effects Study, 2005-06 VTA Passenger Survey, Draft Principles for the Transit Sustainability Policy and Comprehensive Operations Analysis (COA), Outreach Process for the COA, Community Bus Implementation Plan, and VTA Website Improvements and On-Line Trip Planning; 3) PAC’s next meeting is scheduled for October 12, 2006 and the agenda includes a presentation from Mayor Brodsky of Monte Serreno.
