

Eastridge to BART Regional Connector: Utility Relocation-MCI/Verizon

Updated 3/1/2022: Crews are moving to the Story Road/Capitol Expressway Intersection beginning 3/7.

What

MCI/Verizon's contractor, Solcom, will be relocating underground cables on the north and southwest corners of Capitol Expressway at Tully, and the north and southwest corners of Capitol Expressway at Swift Lane.

Where

Capitol Expressway at Tully Road and Capitol Expressway at Swift Lane

When

9:00 AM – 4:00 PM Daily

Why

Underground utilities need to be relocated so that they are not in the way of the future construction of the light rail project.

VTA Bus Service Impacts

None expected. Crews will ensure bus stop access for the bus and passengers

What to Expect: Pedestrians and Traffic

- Intermittent, temporary lane and/or shoulder closures and detours
- Intermittent, temporary sidewalk closures and detours – Flaggers will assist pedestrians through the sidewalk area crews are working.
- Noise from heavy construction equipment used for jackhammering, concrete, and pavement removal
- Noise from construction vehicles driving forward and in reverse with back up alarms beeping

Local MCI/Verizon Contact
