

I-280 / Wolfe Road Interchange Improvements Project

MTC Air Quality Conformity Task Force
Meeting

October 24, 2019

(i) New or expanded highway projects with significant number/increase in diesel vehicles?

- ✓ Not a new or expanded highway project
- ✓ Interchange replacement – no additional lanes on I-280
- ✓ No change in traffic volume or truck percentages on I-280

(ii) Affects intersections at LOS D, E, or F with a significant number of diesel vehicles?

- ✓ Diesel vehicles represent approximately 4.9% of intersection volume
- ✓ Intersections at LOS E or F improve, and delays decrease (Year 2045)
- ✓ No project changes to land use that would affect diesel traffic percentage

(iii) New bus and rail terminals and transfer points?

✗ Not applicable

(iv) Expanded bus and rail terminals and transfer points?

✗ Not applicable

(v) Affects areas identified in PM10 or PM2.5 implementation plan as site of violation?

✓ The project will not result in any exceedances of either PM10 or PM2.5 standards
