

# VTA is seeking public input on the proposed 2021 Transit Service Plan

Get involved by visiting [www.vta.org/2021serviceplan](http://www.vta.org/2021serviceplan)

Your input—specifically how the proposed 70%, 80% and 90% 2021 Transit Service Plans might affect your travel options—is important to us and helps us understand the impact.

Restoring transit service will be a gradual process and evaluating multiple transit plan scenarios will help us transition smoothly out of “COVID Service” to a 2021 Transit Service Plan. The selected plan will be implemented in February 2021 and will be leaner than our pre-COVID service (launched on December 28, 2019) to reflect the financial impact of COVID on VTA’s transit budget.

## Annual Transit Service Plan 2021

Service Reduction Scenarios

		100% (Pre-COVID Service)	90% Plan	80% Plan	70% Plan
	Frequency	Weekday: 15 min. Weekend: 20 min.	Weekday: 15 min. Weekend: 30 min.	Weekday: 20 min. Weekend: 30 min.	Weekday: 20 min. Weekend: 30 min.
