Subject: From VTA: FYI - letter to CA Gov Newsom regarding request to prioritize public transportation workers in vaccine distribution plan

VTA Board of Directors and Advisory Committee Members:

Attached for your information is a letter addressed to California Governor Newsom from VTA General Manager/CEO Fernandez regarding the request that public transit workers be included in Phase 1B of the California’s vaccine distribution plan.

Thank you.

Governor, State of California
State Capitol, Suite 1173
Sacramento, CA 95814

RE: Prioritize Public Transportation Workers in Vaccine Distribution Plan

Governor Gavin Newsom:

On behalf of the Santa Clara Valley Transportation Authority (VTA), I write to request that public transit workers be included in Phase 1B of the state’s vaccine distribution plan. This is consistent with the interim recommendations of the Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices.

Throughout the pandemic, California’s public transportation agencies have played a critical role in transporting essential workers to their jobs in health care, education, food service and hospitality. While seeing a major decline in ridership, VTA continues to provide vital transit service to an average of thirty-three thousand trips per day. Our ridership surveys find our passengers are overwhelmingly low income and people of color. Most are essential workers and rely on public transit to perform the essential tasks of keeping our economy running. Additionally, public transportation operators continue to provide critical services to elderly and disabled people throughout California, often serving as a lifeline. Public transit workers have supported these Californians directly by operating the bus and rail systems that get them to their destinations and by frequently sanitizing transit facilities and vehicles to limit the spread of the virus, consistent with federal, state and local guidance.

Given the clear societal, economic and equity benefits of the services public transit workers provide, we believe it would be a significant mistake for the state to fail to include public transit workers in Phase 1B of the state’s vaccine distribution plan. Much like health care professionals, emergency service workers and food and agricultural workers, public transit workers provide an essential service, cannot work from home, and must interact with the public in the course of their duties. In doing so, these dedicated employees come in close contact with large numbers of the traveling public on a daily basis. They do this willingly and with a clear understanding of the critical nature of public transit.

As the pandemic subsides, public transit service will be vital to a balanced recovery and the continued health of our public transit workers must be a top priority for the state.

If you have any questions or need further information, please feel free to contact me at (408) 321-5559.

Sincerely,

Nuria I. Fernandez
General Manager and CEO

<tr>
<td>Roland Lebrun, Member of the Public</td>
<td>Comments addressed to MTC pertaining to redirecting surplus VTA CARES Act funding to Caltrain</td>
</tr>
</tbody>
</table>

Thank you.

Office of the Board Secretary  
Santa Clara Valley Transportation Authority  
3331 North First Street, Building B  
San Jose, CA 95134-1927  
Phone 408-321-5680
Further to VTA’s current projection of a $55.4M to $89.9M Cares Act surplus for FY21
http://santaclaravta.iqm2.com/Citizens/FileOpen.aspx?Type=6&ID=1494 (slide 2)
and Caltrain’s new 2-hourly 64-train timetable effective 12/14
https://www.caltrain.com/schedules/weekdaytimetable/Weekday_Timetable_-_Effective_Dec_14__2020.html,
please consider directing VTA to collaborate with Caltrain and use a portion of this surplus
funding to extend half (32) of these trains to Gilroy for the following reasons:

1. Address equity issues between San Jose and Gilroy by providing relief on VTA bus route
   68, the only viable public transit route connecting San Jose to Morgan Hill and Gilroy.
   positions-starting-in-january/article_466a2bda-35ef-11eb-a9da-eb0aea033b9f.html.
3. Prove once and for all that the low Caltrain ridership (including 3 stations in south San
   Jose) and massive Highway 101 congestion between San Jose and Gilroy is a direct
   result of lack of Caltrain service.

Thank you in advance for your consideration.

Roland Lebrun
### FY2021 Operating Balance Preliminary Projections –
(as of December 2020)
