Note: The CEOP is the Project Communications and Outreach Plan for VTA’s BART Silicon Valley Phase II Project.
Importance of the CEOP

The CEOP is a commitment from the 2018 environmental document that provides:

• **Activities and resources that support** community and stakeholder **outreach** and construction impact **communications** throughout the Phase II Project;

• **Strategies and tactics for coordinating construction activities** with existing business operations and other development projects to minimize disruption and delays; and

• **Processes for addressing concerns** of businesses and their customers, property owners, residents, and commuters.
Communication Methods

- **Methods include**: ads, events, field hours, emails, flyers, press events, newsletters, phone calls, public meetings, signage, tours, website updates, etc.
- **Trigger**: The activity or project milestone that activates the need for communication

- Draft Amended DSAP
- Draft Diridon Affordable Housing Imp. Plan
Extensive Community Engagement

Since February 2018…

- 18 SAAG meetings
- 14 SAAG small group discussions
- 21 Community Meetings and Partner Events
- 3 online surveys with ~2,260 responses
- ~200 online feedback forms submitted
- ~75,000 page views and 36,000+ unique visitors on diridonsj.org
- 9 pop-ups at community events
- 5 virtual office hours
- Many meetings with community groups
A wide mix of buildings and amenities
Interesting public spaces
Easy to get around by foot, bike, and transit
Welcoming to all
Draft Amended DSAP

Proposing to increase development capacity by about 7,000 housing units and 6.4 million square feet of commercial space (beyond Downtown West)
Recent effort focused on verification of heavy and light rail alignments from the Concept Layout.

Partner Agencies continue coordination with City on Downtown West and DSAP.

Multi-year effort with differing timelines.

Outlining the process steps.

Community Benefits

- Development Agreements (DA) are common tools for large, multi-phased projects
- The DA will include a Community Benefits Plan
- “Community Benefits” go beyond City requirements, mitigations, and discretionary project features
- Per the MOU, the intent is to share back some of the value created by City actions and consider development feasibility
- Releasing the staff-recommended DA in March

3 Types of Public Benefits

- Baseline City Requirements
- Mitigations (some)
- Community Benefits (negotiated)
- Publicly Valuable Project Features (discretionary)
Community Benefit Priorities

- Affordable housing
- Displacement prevention and community stabilization
- Education
- Workforce training and employment opportunities
