

# FACT SHEET: Highways

## I-280 Soundwalls Project

### Overview

The Santa Clara Valley Transportation Authority (VTA), in cooperation with the City of San José and the Department of Transportation (Caltrans), proposes to construct soundwalls on I-280 between State Route 87 and Los Gatos Creek.

### Objectives

The purpose of this project is to reduce noise by constructing soundwalls as an effective abatement measure.

### Project Features

The potential improvements, subject to meeting noise abatement criteria, will include but are not limited to the following:

- Constructing new soundwalls along northbound I-280 between the Caltrain tracks and the Los Gatos Creek Bridge
- Constructing new soundwalls along southbound I-280 between the Los Gatos Creek Bridge and the Caltrain tracks
- Constructing new soundwalls along southbound I-280 between the Caltrain tracks and Bird Avenue
- Constructing new soundwalls along southbound I-280 between Bird Avenue and State Route 87

### Project Schedule

Funding Category	Schedule
Environmental Clearance Phase	May 2020 – Spring 2022
Design Phase	Spring 2022 – Summer 2025
Construction Phase	Fall 2025 – Summer 2026

### Project Cost Estimate

The total project cost is estimated at \$14.5 million and may be funded with a combination of local and state funds.
