You Are Invited!

I-280/Wolfe Road Interchange Improvement Project Online Community Meeting

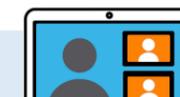

April 1, 2026 at 6:00 PM

Join our online community meeting to learn about the construction improvements scheduled to begin at the I-280/Wolfe Road interchange in Cupertino. Stay informed and come and ask questions.

We encourage you to register for this meeting to get reminders and frequent project updates. You can register on Eventbrite at: <https://280-wolfe.eventbrite.com>

You can also join us directly on Zoom at: <https://us02web.zoom.us/j/83021148420?pwd=ymp1ayz6qh72TJIUI6A8UbszMQ4cB.1>

Webinar ID: 830 2114 8420
Passcode: 006882
Dial-In: (669) 219-2599

誠摯邀請您!

I-280/Wolfe Road 交流道改善工程 線上社群會議

2026年4月1日下午6:00

加 歡迎您參加了解即將開始的Cupertino 市I-280/Wolfe Road 交流道施工改造計畫的線上社區會議。請關注最新動態並積極提問。

我們鼓勵您登記參加本次會議, 以便接收會議提醒和最新的專案進展。您可在Eventbrite上登記, 網址為: <https://280-wolfe.eventbrite.com>

您也可直接通過以下Zoom連結加入: <https://us02web.zoom.us/j/83021148420?pwd=ymp1ayz6qh72TJIUI6A8UbszMQ4cB.1>

網路研討會 ID: 830 2114 8420

The Santa Clara Valley Transportation Authority (VTA), in partnership with the City of Cupertino and the California Department of Transportation (Caltrans), is constructing improvements to the to I-280/Wolfe Road interchange in Cupertino.

This project will modernize the interchange to make it safer and easier for people who walk or bike through the area, while also helping traffic move more smoothly for drivers.

What the Project Will Improve

The goal of this project is to create a safer and more comfortable way for people to cross I-280—whether they are walking, biking, or driving.

Key improvements include:

- Safer walking and biking routes along Wolfe Road with upgraded bike lanes, improved sidewalks, and better crossings through the interchange area.
- A rebuilt Wolfe Road bridge over I-280 that will be wider and designed to better accommodate pedestrians and cyclists with larger sidewalks and safer pathways.
- New and improved freeway on-ramps and off-ramps to help reduce congestion and improve how traffic flows on and off the freeway.
- Retaining walls and sound walls where needed to support the roadway improvements and help reduce impacts to nearby neighborhoods.

聖克拉拉谷交通管理局 (VTA) 與Cupertino市政府和加州交通部 (Caltrans) 正在合作升級改造Cupertino市的I-280/Wolfe Road交流道。

本專案將對交流道進行現代化改造, 讓行人或腳踏車騎者能夠更安全、更方便地通過此區, 同時也將助於順暢駕駛者和通行車輛。

專案將改進何方

本專案的目標是為大眾創造一種更安全、更舒適穿越I-280的方式——無論是步行、騎腳踏車還是開車。

主要改進包括:

- 將在Wolfe Road 沿線建造更安全的步行和騎行專道, 包括升級腳踏車道、改善人行道以及在交流道區設置更完善的過街設施。
- 重建Wolfe Road跨越I-280的天橋, 把它變得更寬敞並配備更寬的人行道和更安全的通道, 以便行人和騎行者通行。
- 協助緩解交通擁堵, 並改善高速公路的交通流量的新建高速公路入口匝道和出口匝道。
- 在需要的地點建立支撐道路改造工程, 並有助於減少對附近社區影響的擋土牆和隔音牆。

What to Expect

It is important to note the impacts for those who live, work, operate a business near, or drive through the project area. Activities that will likely generate noise and traffic inconveniences, including but not limited to the following:

- Tree removal to clear the way for improvements, as well as temporary lane closures and detours to help keep traffic moving safely.
- Temporary restriping and lane shifts, along with the installation of barriers to separate work areas from active traffic lanes.
- Crews will be using heavy equipment for concrete and pavement work
- Bridge demolition to clear the way for new structures.
- Dust control measures will be implemented to minimize air quality impacts in the area.
- Pile driving for bridge foundations will take place, ensuring a strong and stable footing for the new structures.
- Crews will be trenching to install necessary underground utilities and infrastructure
- Occasional night shifts to complete critical work while minimizing daytime traffic disruptions.

When

Construction will begin in April 2026 and will be completed by the end of 2029. Following construction completion, there will be a plant establishment period that will last for one year. This ensures that all landscaping is properly established and maintained before the project is fully wrapped up. When construction activities require lane or ramp closures, work will be done during non-peak commute hours.

Where

I-280/Wolfe Road in Cupertino

Notes

For the safety of the public and construction workers, traffic control measures will be in place. Please use extra caution in the construction zones and be aware of flagmen, signage, barricades, and cones. Construction crews will make every effort to maintain access and minimize inconveniences to motorists, bicyclists, and pedestrians. We appreciate your patience during the construction process.

有何期待

值得注意的是，本專案將對在專案區域附近居住、工作、經營業或駕車經過的民眾造成影響。可能產生噪音和交通不便的工程包括但不限於以下：

- 移除樹木以清理道路及進行道路改善工程，並臨時封閉車道和設置繞行路線，以確保交通安全。
- 暫時重劃和調整車道，並安裝隔離施工區以及正常行駛車道的隔離欄。
- 施工人員將使用重型設備進行混凝土和路面工程。
- 為新的橋樑騰出空間而拆除舊橋樑。
- 採取盡大減少影響週邊空氣品質的揚塵控制措施。
- 進行確保新橋樑有堅固穩定基礎的基礎打樁工程。
- 施工人員將挖掘溝槽，安裝必要的地下管線和基礎設施。
- 偶爾會安排完成關鍵工作的夜班，同時盡量減少對白天交通的影響。

何時

工程將於2026年4月動工，預計2029年底完工。竣工後，將進行為期一年，確保所有景觀綠化植物在工程全面完工前得到妥善培育和維護的養護期。如施工活動需要封閉車道或匝道，工程將在非尖峰時段進行。

何處

Cupertino市的I-280/Wolfe Road

注意事項

為保障大眾和施工人員的安全，施工區將採取交通管制措施。請在施工區域格外小心，並注意導引員、標誌牌、路障和錐形路標。

施工人員將盡一切努力保持道路暢通，並盡量降低對駕駛者、騎行者和行人造成的不便。感謝您在施工期間的耐心配合。

Closures & Detours

Lane, and Ramp Closures: Overnight lane and ramp closures will be utilized to safely construct the project. Traffic advisories will be posted on the VTA website and shared directly with affected institutions and businesses to minimize any potential delays and disruptions

Traffic Detours

Detours will occasionally be necessary. Advance notice will be provided, and traffic advisories will be sent to traffic bureaus, posted on the VTA website, and shared with schools, and businesses directly impacted by the detours so they can share with their students, staff, and customers to help avoid appointment delays.

Dust

This project includes excavation and removal of asphalt, concrete, and dirt. The contractors are required to provide water trucks, and road and street sweeping to keep the area clean and control dust.

Noise

Some activities, such as pile driving and jackhammering, are inherently noisy. VTA Community Outreach will advise local communities of significant upcoming inconveniences.

Tree Removal

It is required to remove some trees that conflict with this project. Trees will be removed on both sides of I-280. The project includes tree replacement and additional landscaping to restore greenery to the area.

封路和繞行

車道和匝道封閉：為確保安全施工，某車道和匝道將在夜間封閉。交通管制資訊將在VTA網站上發佈，並將直接通知遭受影響的機構和企業，以盡量減少潛在的延誤或中斷。

改道繞行

有時需要繞行。我們會提前發出通知，並將交通資訊發送給交通管理部門、VTA網站以及分享給受直接影響的學校和企業，以便他們告知學生、教員和顧客，助於避免行程延誤。

揚塵

本專案包括挖掘和清除瀝青、水泥和泥土。承包商需提供灑水車，並清掃道路和街道，以控制揚塵與保持現場清潔。

噪音

某些活動，例如打樁和打風鎚，自然會產生噪音。VTA Community Outreach (社區外聯部) 會提前告知當地社區即將發生的重大不便。

樹木移除

基於部分樹木和本專案之間的某種問題，I-280兩側的樹木將遭清除。本專案包含補種樹木和進行恢復其區綠化的額外景觀美化。

Contact Information

VTA staff are available to present project information to your neighborhood group/business, etc. Please call Community Outreach for more information.

Project website: www.vta.org/280wolfe

Project email: community.outreach@vta.org

Project phone number: (408) 321-7575

TTY only: (408) 321-2330

To receive email updates, go to the project webpage www.vta.org/280wolfe and look for the "Subscribe to Updates" icon in the lower right corner. Enter your email and click subscribe. You will be prompted to confirm your subscription within the automatic email sent to the address you provide.

聯絡資訊

VTA工作人員可以向您的社區團體/企業等介紹專案資訊。請致電Community Outreach (社區外聯部) 獲知更多消息。
