Q&A

All

What Does VTA Do? Who runs VTA?

VTA Board of Directors

- **Sergio Lopez** – Chair (Campbell)
- **Matt Mahan** – Vice Chair (San Jose)
- **Rosemary Kamei** – San Jose
- **Pam Foley** – San Jose
- **David Cohen** – San Jose
- **Domingo Candelas** – San Jose
- **Jonathan Weinberg** – Los Altos
- **Mark Turner** – Morgan Hill
- **Suds Jain** – Santa Clara
- **Linda Sell** - Sunnyvale
- **Margaret Abe-Koga** – Santa Clara County
- **Sylvia Arenas** – Santa Clara County

Project Background & Overview

Jon Cacciotti - Project Design Manager (HMH)

California
Transportation
Commission

Project Background & Overview

The goal of the project is to create a safer, more accessible and more comfortable crossing for all modes of transportation, to support growing regional transportation demands into the future.

Project Background & Overview *(more)*

- **The Project will replace the Wolfe Road overcrossing with a wider structure, including complete streets elements**
- **Construct new on- and off-ramps**
- **Upgrade bicycle and pedestrian facilities**
- **Construct retaining walls and sound walls**

Background & Timeline

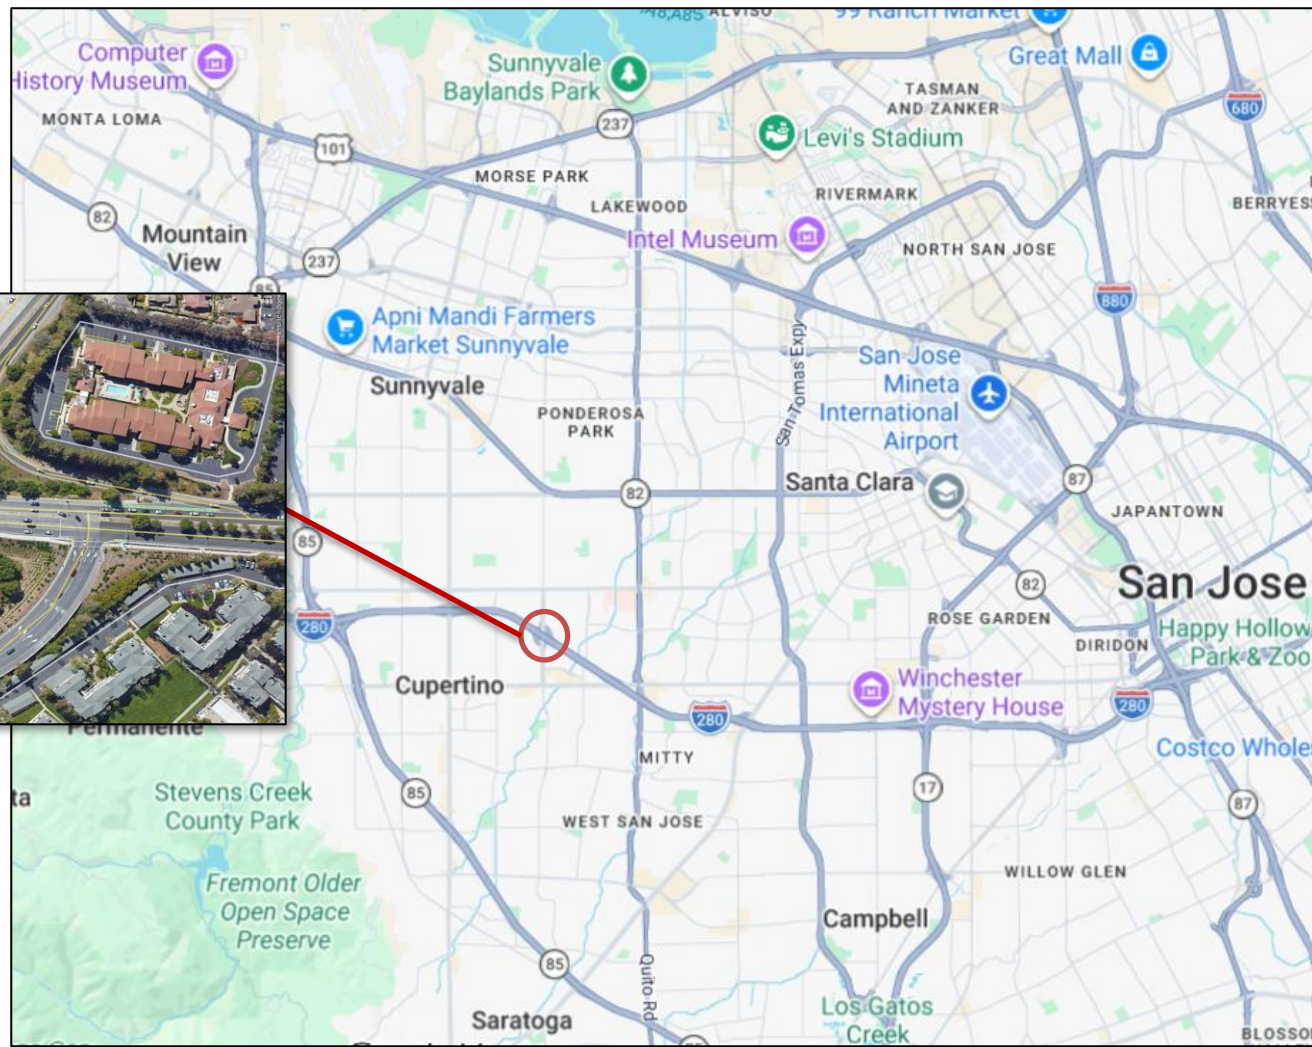

Alternatives Analysis 2016 - 2017

Environmental Clearance 2017 - 2020

Design and Engineering 2020 – 2024

What to Expect and Construction Mitigation

Kumar Lakshmanan - Resident Engineer (VTA)

California
Transportation
Commission

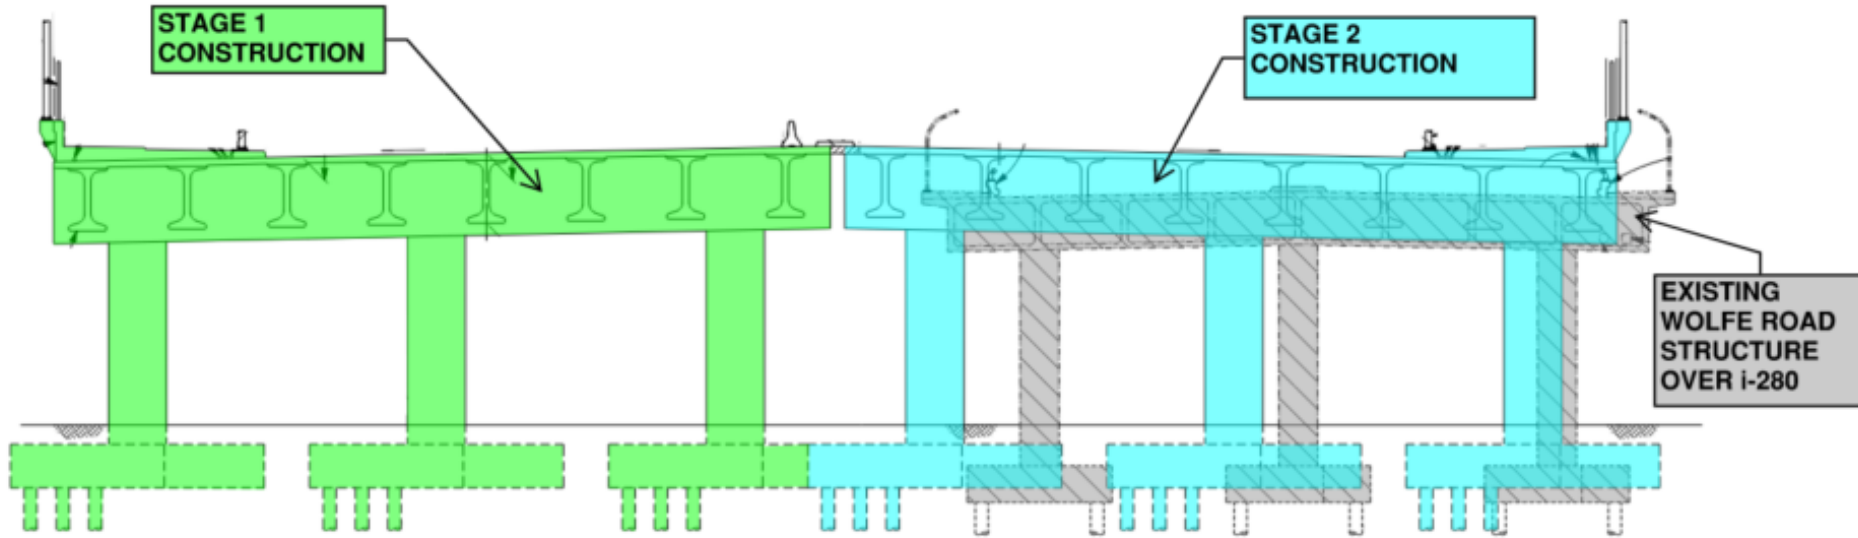

What to Expect

- **Contractor (O.C. Jones & Sons) will start construction in April 2026**
- **Near-term activities:**
 - Tree removal
 - Temporary restriping and Lane shifts
 - Installation of temporary barriers
 - Pre-construction photo survey and install vibration monitoring sensors
 - Pile driving for new bridge foundation

What to Expect

- The Project will be constructed in 2 main stages:

WOLF ROAD OVERCROSSING STRUCTURE TYPICAL SECTION
CONSTRUCTION STAGES

Construction Schedule

- **Begin construction:** April 2026
- **Complete Construction:** Spring 2029
- **First Year Plant Establishment:** Spring 2029 to Spring 2030

Communications

David Lovato – Public Communications Specialist (VTA)

Transportation
Commission

Staying Informed

- **Web Page:** www.vta.org/280wolfe
- **Fact Sheets** (multiple languages)
- **“Subscribe to Updates.”**
- **Construction Notices, Newsletters & Traffic Advisories**
- **Social media posting** (Nextdoor)
- **Direct emails to...**
Permit to Enter (PTE), businesses
neighborhood associations,
property managers.

I-280/Wolfe Road Interchange Improvements Project

The Santa Clara Valley Transportation Authority (VTA), in cooperation with the City of Cupertino and the California Department of Transportation (Caltrans), proposes to modify the **Wolfe Road Interchange on Interstate 280 (I-280)** in the City of Cupertino.

Objectives

The purpose of this project is to improve traffic operations and facilities for several modes of transportation, including bicycle, pedestrian, and high-occupancy vehicle uses, at the I-280 and Wolfe Road interchange in the City of Cupertino.

Final Design Map

Follow the [link](#) to zoom in on the map:

Project Features

The proposed improvements include, but are not limited to, the following:

- Construct a new structure carrying Wolfe Road over I-280
- Construct new on-ramps and off-ramps
- Modify existing local street intersections and upgrade bicycle and pedestrian facilities along Wolfe Road
- Construct retaining walls and sound walls as needed

Environmental

The project is Categorically Exempt under Class 1 of the State California Environmental Quality Act (CEQA) guidelines. A Categorical Exemption is the appropriate level of environmental review for the project.

Community Outreach

Current public health official requirements limit VTA's in-person interaction with the community during the public engagement process.

VTA and the City of Cupertino hosted a virtual **Open House on December 9, 2021**, providing project updates and presenting the **preferred design** for the I-280 and Wolfe Road Interchange Project, funded by the **2016 Measure B sales tax**. Watch a recording of the presentation on the **VTA YouTube Channel**.

For more information about this project, email VTA Community Outreach at communityoutreach@vta.org, or call (408) 321-7575.

Groundbreaking Event

The graphic features a large golden shovel on the left side, set against a background of a road map with blue lines and the number '280'. The text is arranged in a clear hierarchy, with the project name and event title in large blue letters, and the date and time in red. At the bottom, a dark blue banner contains logos for the 2016 Measure B, California Transportation Commission, Valley Transportation Authority, Caltrans, and the City of Cupertino.
