### **Background**

Measure A, approved by Santa Clara County voters in 2000, is a 30-year half cent sales tax devoted to improvement projects for the area’s public transit network. Measure A specified the Santa Clara Valley Transportation Authority (VTA) as the implementing authority and among the projects specified in the ballot are:

- Extend BART to Silicon Valley.
- Extend Light Rail from Downtown San Jose to the East Valley.
- Improve bus service in major bus corridors.
- Purchase zero-emission buses and construct service facilities.
- Provide connections from Mineta San Jose Airport to BART, Caltrain and VTA light rail.
- Construct a new Palo Alto Intermodal Transit Center.
- Increase Caltrain service and electrify from Palo Alto to Gilroy.

The Measure A ballot specified that the Citizens Watchdog Committee, comprised of the private citizens serving on VTA's Citizens Advisory Committee, must review all 2000 Measure A expenditures, have an independent audit conducted each fiscal year, hold public hearings and issue reports at least annually to inform Santa Clara County residents how the funds are being spent, and publish the results of the independent audit and the annual report in local newspapers and make them available to the public.

The VTA Board of Directors is responsible for implementation of the 2000 Measure A Program and for all policy-related decisions including the composition, implementation schedule and funding level of projects. The Citizens Watchdog Committee is responsible for reviewing all 2000 Measure A expenditures to ensure funds are being spent in accordance with the intent of the ballot.

### **Reports and Additional Information**

## **INDEPENDENT AUDIT**

Fulfilling its ballot-defined responsibilities, the CWC commissioned an audit of the Measure A Program financial records and schedule for Fiscal Year 2008. Macias Gini & O'Connell, LLP, independent certified public accountants, conducted the compliance audit in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA). Accordingly, their audit included examining, on a test basis, evidence about VTA's compliance with those requirements and performing such other procedures as they deemed necessary. They issued an unqualified or "clean" opinion, meaning that in their professional opinion, VTA complied, in all material respects, with the aforementioned requirements that are applicable to the 2000 Measure A Program. Copies of the audit results and other related reports are available at the locations stated above and at [www.vta.org](http://www.vta.org).
