Macias Gini & O'Connell, LLP, independent certified public accountants, conducted the compliance audit in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA). Accordingly, their audit included examining, on a test basis, evidence about VTA's compliance with those requirements and performing such other procedures as they deemed necessary. They issued an unqualified, or "clean," opinion, meaning that in their professional opinion, VTA complied, in all material respects, with the aforementioned requirements that are applicable to the 2000 Measure A Program. The audit report is available on VTA's website at http://www.vta.org/2000_measure_a/cwc.html and at the Valley Transportation Authority offices at 3331 North First Street, San Jose, CA, in the Building B Lobby from 8 a.m. to 5 p.m. weekdays.
