QUESTIONS AND ANSWERS

SET # 5

TO : All Prospective Bidders
FROM : Kiet Vu, Contracts Administrator
SUBJECT : Contract C19123 – Cerone Division Boiler and Propane Tank Replacement

Q6. For pages 28 and 31 of the package, do we need this filled out for the Pre-qual submission?

A6. Page 28 of PreQualification Documents: Project Data Sheet #__

You need to provide references for the projects you worked on using page 28 (Project Data Sheet). You may have multiple data sheets. In each copy of the Project Data Sheet you provide the information of one client, their contact information, project information, etc.

For examples,

Project Data Sheet #1:

Project Name
Project Location
(fill out the rest of the form)

Project Data Sheet #2:

Project Name
Project Location
(fill out the rest of the form)

Project Data Sheet #3:

Project Name
Project Location
(fill out the rest of the form)

Page 31 of PreQualification Documents: Attachment 2 – Validation Statement

The Validation Statement are for companies that had already been prequalified by VTA for another VTA project that had similar scope of work. Since the Pre-qualification is valid for 1 year, during this period a company does not have to be prequalified again for another VTA project. Instead of resubmitting the Prequalification Statements, the company would just fill out the Validation Statement.

If your company has not been prequalified by VTA for another VTA project that had similar scope of work within the past 365 calendar days, you must submit the Pre-qualification Statements. The Validation Statement in this case is not applicable to you.
